## **Basic Driver Improvement Course (BDI)**

The 4 hour Basic Driver Improvement Course (BDI) is an all-encompassing, easy-to-navigate online driver safety class and is a prerequisite for earning a learner's permit in Florida. The engaging, interactive content makes the class a fun and engaging learning experience. Defensive driving techniques, data on impaired driving, essential car maintenance, traffic safety regulations, and how to drive safely during extreme conditions are all valuable topics you'll learn with the BDI.

To complete the class, you must score an 80% or higher on the final exam. If you fail to pass, you can take the exam as many times as you need for no extra cost. Additionally, you can complete the BDI anytime and at your own pace, meaning you can log out, log back in, and just pick up where you left off. We even notify the DHSMV of your completion and reward you with a certificate for your records.

## **Traffic Law and Substance Abuse Education (TLSAE)**

The Traffic Law and Substance Abuse Education class (TLSAE) is a necessity to obtain a learner's permit in Florida. Our TLSAE class is certified by the DHSMV, covering laws and regulations on impaired driving and the effects of drugs and alcohol on the human brain and body.

The course also explains the impact of different drugs on the ability to drive and a motor vehicle. You'll learn useful tips like what to do when you spot an impaired driver on the road. Our online TLSAE course is the best way to meet the Substance Abuse Education prerequisite required by the DHSMV to earn your learner's permit.

## **DHSMV Online Permit Exam**

The DHSMV requires that you pass the Permit Exam to obtain a learner's permit. The exam contains 50 multiple choice and true/false questions, and you must score a minimum of 80% to pass, or answer 40 questions correctly.

The exam is entirely online, and you are given 60 minutes to complete it. Unlike other courses, it has to be completed in one sitting. You'll have three attempts to pass the exam online, after which you must go to a DHSMV office to take the exam in person.

## **TLSAE Course and Online Permit Exam Combo**

Save money while meeting your learner's permit requirements by signing up for the TLSAE/Permit Exam Combo! Once you complete both the TLSAE course and the Permit Exam, you can immediately download and print your certificates of completion, then be right on your way towards getting your learner's permit and becoming a new driver! Not to mention, this is the most cost-effective way to get both done.

## **8 Hour Traffic School (Intermediate Driver Improvement)**

You can take our 8 Hour Intermediate Driver Improvement class if you've been ordered by a judge to do so, have received more than two traffic citations in 12 months, and/or are ineligible for the 4-hour BDI. You can complete the class anytime within the allowed timeframe, so it doesn't have to be completed in one sitting.

You can log off and log back in anytime and complete the course at your leisure. After finishing, you can download and print your certificate of completion, or have one mailed to you directly from the Pembroke Pines Traffic School. Note that we WILL NOT notify the DHSMV of your completion of the course; you have to do this yourself.
