Get Your Tickets Dismissed.

Even if you believe you're a safe driver, avoiding a traffic ticket throughout your driving career is practically impossible. In Florida, you're given three options when ticketed. Pay the ticket, fight it in court, or lessen your citation's severity by taking a driving course. DriveSafeToday's traffic course can help you get the fine on your ticket reduced, or even get it outright dismissed altogether.

Once you've received permission from the court to take a driving course online, all you need to do is register for our DriveSafeToday course online and complete it within the period provided. After completing the course, we will notify the DHSMV on your behalf and provide you with a certificate of completion for you to download and print if needed.

We are highly recommended by most insurance companies in Florida, thanks to our defensive driving course. Participating insurance companies will lower your insurance premium upon completion, potentially netting you substantial savings each year.

All you need to do is sign up for and complete our course online if you are eligible. Once completed, you'll receive a certificate, which you can then send to your insurance provider. Once completed, the DHSMV will be notified, and you will be awarded a certificate of completion.

Traffic Law and Substance Abuse Education (TLSAE)

Learn about how drugs and alcohol affect your ability to drive with our Traffic Law and Substance Abuse Education course (TLSAE). Our TLSAE is approved by the DHSMV and covers laws and regulations on impaired driving, as well as the effects of drugs and alcohol on the body and mind.

The course also explains the effects of different drugs on the ability to drive and properly handle a motor vehicle and what to do when you spot an impaired driver on the road. The TLSAE is a requirement for obtaining a learner's permit in Florida and is the simplest way to complete the Traffic Law and Substance Abuse Education course.

DHSMV Online Permit Exam

Passing the DHSMV Permit Exam is required to obtain a learner's permit. The exam contains 50 multiple choice and true or false questions, and you must score at least 80% to pass. Our exam is entirely online and must be completed within the 60 minutes provided. DHSMV regulations

allow for three attempts to pass the exam online, after which you must go into a DHSMV office to retake the exam.

TLSAE Course and Online Permit Exam Combo

We offer a TLSAE/Online Permit Exam Combo to help you save money obtaining your learner's permit. Once you complete both the TLSAE course and the Permit Exam, we will notify the DHSMV for you, and you can immediately download and print your certificates of completion. The TLSAE/Online Permit Exam Combo is the easiest, fastest, and cheapest way to satisfy the requirements for earning your learner's permit.

8 Hour Traffic School (Intermediate Driver Improvement)

If you've been ordered by a judge to do so, or have received more than two citations in the last 12 months and are ineligible for the 4-hour BDI, consider taking our 8-hour Intermediate Driver Improvement class as a more convenient option. The course must be completed within a specified window of time given by the judge.
