

Welcome To Lakeland's Best Traffic School

DriveSafeToday is the leading source for online driver education in Lakeland, Polk County, and throughout Florida! We are among the most frequently recommended online traffic schools in the state, offering various online courses for basic driving skills, defensive driving, and even ticket point reduction or insurance discounts. Whether you want to get rid of your traffic ticket, apply for a learner's permit, or get a discount on your monthly insurance, we offer some of the best courses available.

All of our online courses have been reviewed and approved by the Florida Department of Highway Safety and Motor Vehicles (DHSMV). We strictly follow all rules, regulations, and standards set by the Florida DHSMV to ensure we provide the highest quality education for Lakeland drivers.

Why Take Defensive Driving

It is vital to learn road discipline and safety rules to be a competent and safe driver. Our online defensive driving course is designed to reduce driving risks, helping drivers instinctively predict hazardous situations and avoid those risks on the road. Defensive driving courses not only help you improve your driving skills, but can also boost your confidence on the road.

Our defensive driving course provides knowledge about Florida state traffic safety laws, helps you learn emergency handling skills, teaches you how to control fear and emotions while driving, and even instills quick decision-making skills. Upon completing a defensive driving course, we will issue a certificate of completion you can use to help reduce fines or even your insurance premium.

Get Your Ticket Dismissed Thanks To Our Lakeland Traffic School

Keeping a ticket off your driving record can help you avoid a rise in your insurance premiums. Traffic violations can add points to your driving records, and too many points can damage your driving record and even potentially suspend your license. Our Basic Driver Improvement (BDI) course can help you to avoid fines, insurance premium increases, and the risk of losing your driving privileges.

Probably the most common and effective way to have your traffic ticket dismissed is by completing an online Basic Driver Improvement course. You will have to ask the court

for permission to attend a driving course for your traffic ticket. Most courts in Lakeland allow online driving courses for ticket dismissal. You can apply for permission in-person, by mail, or by filling in the back of your citation.

Once you receive permission from the court, you can apply for DriveSafeToday's online defensive driving course. Our Basic Driver Improvement course helps you learn about traffic laws, safe driving techniques, and tips to avoid traffic violations. After completing the course, we will inform the Florida DHSMV for you. You will then hear from the court regarding the status of your citation.

Qualify For An Insurance Discount With Lakeland Traffic School

DriveSafeToday is committed to helping you lower your insurance premium. Insurance companies typically offer drivers between 18 to 55 years old a discount for attending a driving safety course. You can receive a discount of up to 10% off your premium by completing our online defensive driving course. Insurance premiums are high; save money today with our online driver's education.

You need to contact your insurance provider first to determine if you qualify for an insurance discount. If eligible, sign up online and complete our defensive driving course on your own time, on any platform you'd like. Once finished, you will be awarded a certificate of completion to send to your insurance provider, who can then apply the discount to your policy.

Insurance Traffic School Courses Overview

DriveSafeToday offers a diverse offering of online traffic school courses that are cost-effective and provide the highest quality driver education available. Our courses are entirely online, allowing you to take driving classes from the comfort of your own home, at your own pace.

Become a better driver and make the roads a safer place with an online drivers education from DriveSafeToday!

Basic Driver Improvement Course (BDI)

If you are found guilty of committing a moving violation while driving, you will receive a traffic ticket and points will be added to your driving record. The quickest way to remove these points is by completing our concise-yet-comprehensive 4-hour Basic Driver Improvement Course.

Our BDI course has been approved by Florida DHSMV, and we strictly follow all standards and regulations set by the department. The content in our courses is both

hassle-free and well organized. It will help you learn essential driving and road safety skills, which will help you deal with risky situations on the road.

You will need to score a minimum of 80% on the final exam to pass the course, although we offer unlimited attempts to retake the test at no additional charges if you don't. Once you've completed the course, we will automatically notify the Florida DHSMV on your behalf and award a certificate of completion if needed.

Traffic Law and Substance Abuse Education (TLSAE)

Our online Traffic Law and Substance Abuse Education (TLSAE) course has been approved by the DHSMV, following all state regulations and standards. This course is one of the compulsory requirements necessary for obtaining a learner's permit in Florida.

Our TLSAE course will help you learn state laws associated with drug and alcohol use while driving and the harmful outcomes of drugs and alcohol on your driving skills. Once you've completed the TLSAE course, you will be closer to earning your learner's permit in Lakeland.

DHSMV Online Permit Exam

Our online Permit Exam, also known as the learner's permit exam, is reviewed and approved by Florida DHSMV. Passing the permit exam is another compulsory requirement for earning your learner's permit. The exam itself contains a combination of fifty multiple-choice and true/false questions, and you need to answer at least forty questions correctly to pass the exam.

You are given 60 minutes to complete the online permit exam and must finish it in the same session as starting it. According to Florida law, you have three attempts to pass the permit exam online, after which you will have to retake the permit exam at the nearest DHSMV office.

TLSAE Course and Online Permit Exam Combo

You will need to complete both the TLSAE course and permit exam to earn your learner's permit. For your convenience, DriveSafeToday proudly offers a TLSAE Course and online permit exam combo package. Our package allows you to complete both requirements at the same time, saving you time and money. Once you've completed our TLSAE Course and online permit exam, you will be eligible to receive your learner's permit.

8-Hour Traffic School (Intermediate Driver Improvement)

You have to attend an 8-hour Traffic School course, also known as Intermediate Driver Improvement course, if you have received a court order by a judge to do so or have more than two citations and already attended a BDI course in the last 12 months. Our 8-Hour Traffic School course has been reviewed and approved by Florida DHSMV, ensuring compliance with all state standards and regulations.

DriveSafeToday allows you to complete the course according to your own schedule, at your own pace. Our specially designed course offers the flexibility to complete one section at a time or even completing it in a single sitting. After you've completed the course, we will immediately provide a certificate of completion to download.

Unlike our other courses, DriveSafeToday will NOT notify the DMV on your behalf once finished.

Florida Driving Records

DriveSafeToday is a DHSMV-authorized provider of Florida state driving records. We collect accurate driving records directly from the same database used by law enforcement, insurance companies, and even the DHSMV. We offer three years, seven years, and even full eleven-year driving history records for our customers.

We are bound to keep your information secure and take all necessary precautions to safeguard it. As per Florida state law, provided driving records will not show your name or address and cannot be used for official purposes.
