Basic Driver Improvement Course (BDI)

The 4-hour Basic Driver Improvement Course (BDI) is an all-encompassing, easy to follow, online driver safety course designed to help make you a safer driver. This course is required for earning a learner's permit in Florida, and our online offering makes it easier than ever to complete it.

The interactive content has been carefully crafted to keep you engaged and facilitate more accessible learning. You will learn defensive driving techniques, basic car maintenance, laws on drugs and alcohol, Florida traffic laws and regulations, and how to handle driving under particular conditions.

To complete the Basic Driver Improvement Course, you must score an 80% or higher on the final exam, though the exam has unlimited attempts to retake if you don't pass the first time. You can complete the BDI anytime within the time allotted, and you can log out and log back in, as long as you're still in the given timeframe. We will notify the DHSMV once you've finished the course, and you will be awarded a certificate of completion to download or print.

Traffic Law and Substance Abuse Education (TLSAE)

Drugs and alcohol impair your ability to drive, and our Traffic Law and Substance Abuse Education (TLSAE) class will break down the laws, risks, and consequences of impaired driving. The TLSAE is a DHSMV-approved course, covering laws and regulations on driving under the influence as well as the effects of drugs and alcohol on the brain.

The course also breaks down the effects of specific drugs on the ability to drive and properly handle a motor vehicle, as well as what to do when you spot a driver under the influence. The TLSAE is another requirement for obtaining a learner's permit in Florida, and our online course is the easiest and most convenient way to get it done.

DHSMV Online Permit Exam

The DHSMV Permit Exam is a requirement for obtaining a learner's permit in Florida. The exam contains 50 multiple choice and true/false questions, and you must answer a minimum of 40 correctly to pass. The exam is entirely online and must be completed within a single 60-minute window. DHSMV regulations only allow three online attempts to pass the exam. If you fail to pass online, you must go into a DHSMV office to retake the exam.

TLSAE Course and Online Permit Exam Combo

Why not kill two birds with one stone? The TLSAE and Permit Exam are required for your learner's permit, and we offer them together as a combination package for a reduced price. Once you complete both the TLSAE course and the Permit Exam, we will contact the DMV for you, and you can also download your certificate. We truly offer the easiest and most affordable way of getting your learner's permit in Miramar and all of Florida.

8 Hour Traffic School (Intermediate Driver Improvement)

The 8-hour Traffic School, also known as the Intermediate Driver Improvement class, is for those ordered by a judge to take it, or those who have received two traffic citations within 12 months and have already completed the 4-hour BDI. You can finish this course at your own pace, on your own time.

Unlike other courses, we will NOT notify the DHSMV once you've finished. You can download or print the certificate of completion once you pass the class, or have a sealed copy mailed to your home.

Florida Driving Records

We are also authorized by the Florida DHSMV to provide driving records. You can order 3-year, 7-year, and even complete 11-year driving histories, obtained from the same database used by the DHSMV and state law enforcement agencies.
