H2: When You Need A Dark Room, Hunter Douglas Has The Shades For You

Whether you are looking to block out the light in your bedroom for sounder sleep, or you're just trying to get rid of glare in a home theater, Janovic offers premium Hunter Douglas Blackout Shades to meet your needs. Finding what you need is a sure thing with several different options and styles — but choosing can sometimes get confusing. Whether you need blackout blinds for your windows or blackout blinds for your bedroom, we're here to break down our offerings and give you the information you need to make the perfect purchase for your home!

H2: Different Styles and Designs

(IMAGE) Alt Text: Hunter Douglas Duette Honeycomb Shades

H2: DUETTE® Honeycomb Shades

With many styles and designs, Duette Honeycomb Shades offer rich textures and a variety of colors to match any home decor. These blinds are the perfect pick for windows that are oddly shaped or placed in inconvenient locations thanks to an array of shapes and sizes on offer.

Duette Honeycomb Shades are energy efficient, locking in the heat during the winter and the cold during the summer. Equipped with LightLock Technology, the first of its kind to offer unparalleled darkness, these shades reflect or absorb light as needed to prevent it from entering your home. They also absorb up to 70% of sound energy, enabling you to keep your space quiet and peaceful despite outside noise.

With a wide variety of shapes, styles, and fabrics, you can find the perfect blinds for your home. These light-blocking shades are not only stylish, versatile, and beautiful, but they are durable and fade-resistant as well.

(IMAGE) Alt Text: Hunter Douglas Parkland Wood Blinds

H2: PARKLAND® Wood Blinds

Parkland Wood Blinds offer a classic look with contemporary benefits. These Hunter Douglas blinds provide natural beauty to your home and come in various stains, colors, and hardwood slat sizes. The adjustable slats give you the ability to adjust the amount of lighting and privacy you prefer, all without raising the blinds.

Parkland Wood Blinds are a great addition to any room where you would like efficient light control but want the versatility of a view-through option too. The DeLight feature eliminates cord holes and reduces light leaks, blocking up to 50% more light than traditional wood blinds while giving you the ability to enjoy the view with ease.

These wood blinds are environmentally friendly as well. The basswood used by Hunter Douglas is sustainably harvested in a responsibly managed forest. For every Parkland Wood Blinds purchase, Hunter Douglas makes a donation to the Arbor Day Foundation to support their efforts to preserve trees and the rainforest.

(IMAGE) Alt Text: "Hunter Douglas Modern Precious Metals Aluminum Blinds"

H2: MODERN PRECIOUS METALS® Aluminum Blinds

Modern Precious Metals Aluminum Blinds by Hunter Douglas are the perfect pick for high traffic areas. Easy to clean and coming in a range of colors and styles, these aluminum light-blocking blinds are both sleek and convenient.

The aluminum slats withstand heavy usage better than most blinds on the market today, while still maintaining easy operation and lighting adjustment. They come in an array of colors and finish options ranging from matte to pearlized to everything in between. They also come in a range of slat sizes to ensure these blinds will be a perfect fit for any window in your home.

Modern Precious Metals Aluminum Blinds feature DeLight technology, which removes cord holes to help minimize light seepage. They also feature MagnaView technology, which offers twice the view-through of traditional aluminum blinds.

H2: Choosing The Best Option

No one knows your home better than you do, which is why we have laid out the options and information you need to make the best choice possible. Hunter Douglas blinds are versatile, colorful, and come in a range of options that can meet your needs when it comes to decorating your personal space.

With so many options to choose from, you can't go wrong with Hunter Douglas blackout blinds and shades. Janovic also offers a wide variety of sheers, side panels, and draperies by Design Studio that perfectly compliment Hunter Douglas shades. These accessories can not only complete your home's look but can also help to block or dim any light that tries to get through.
