

Welcome To Hialeah Traffic School

DriveSafeToday is one of the leading and most highly recommended driving schools in the state of Florida. We offer an array of online driving courses designed to help drivers in Hialeah improve their defensive driving skills to become better drivers.

Our online traffic courses are all approved by the Florida Department of Highway Safety and Motor Vehicles (DHSMV) and comply with all applicable testing standards and regulations. With most of our courses, we will even notify the DHSMV on your behalf upon completion. Our classes can help remove points from your license or even reduce your insurance premiums.

Why Take Defensive Driving

No one likes getting a ticket, and the points accumulated from citations can damage your driving record. Thankfully, our DHSMV-approved driving safety courses are here to help you. Our online defensive driving courses will help you become better at driving and improve your driving record quickly.

Our defensive driving course will teach you proper safety practices and the laws in Florida. You'll become a better driver and protect other drivers who share the road with you. Taking a driving safety course provides you knowledge and skills that could prevent you from losing your license, and even help reduce your insurance premiums.

Get Your Ticket Dismissed With Our Hialeah Traffic School

When you accumulate enough tickets and points against your license, you face getting it suspended or revoked. Thankfully, you can help avoid this by signing up for a defensive driving course.

So how do you go about it? First, you will need to get permission from the court to take an online defensive driving course. You don't have to request in person, and it can be done by phone or in writing. You can then sign up for DriveSafeToday's online defensive driving courses but must finish within the period permitted by the court, generally within 90 days.

Once completed, we will notify the DMV on your behalf with most of our courses, and provide a certificate of completion for you to download or print. Once processed, the court will inform you if your ticket has been successfully dismissed.

Qualify for an Insurance Discount With Hialeah Traffic School

In most instances, by completing a defensive driving course, you may be eligible to reduce your insurance premiums. You can reach out to your insurance provider to find out if you're eligible.

If you do qualify, all you need to do is register for our defensive driving courses and complete them. Once finished, you'll be awarded a certificate of completion that you can send to your insurance company to apply your discount.

Hialeah Traffic School Courses Overview

There are several benefits to registering for any of our comprehensive yet user-friendly courses. Our defensive driving courses are Florida-DHSMV approved and expertly crafted to give you an exceptional teaching experience, all without the need for a classroom.

DriveSafeToday proudly offers these courses from any internet-accessible device, available at any time of day. It's no surprise that our courses have earned us the honor of being one of the leading driving schools in Hialeah and throughout the state of Florida.

Basic Driver Improvement Course (BDI)

Our Basic Driver Improvement course is DHSMV-approved and takes about 4-hours. We've carefully divided the course into simple sections to better educate you on defensive driving and road regulations. The course also encompasses additional information such as basic help with maintaining your car or driving in hazardous conditions.

The BDI course is designed to be exciting and interactive to keep you interested, instead of annoyed. Our courses are offered in various formats, including text, audio, and even video with some classes. Once finished, we will notify the DHSMV on your behalf. You'll also be provided with a downloadable certificate that you can submit to your insurance company.

Traffic Law and Substance Abuse Education (TLSAE)

The TLSAE course is a prerequisite course on drugs and alcohol, necessary for obtaining your learner's permit. It discusses the effects of drugs and alcohol on your ability to drive and the regulations to follow for safe driving.

It is approved by the DHSMV, and complies with all applicable testing standards and regulations. It can be accessed from any device and completed on your schedule. Better yet, if you need to stop and finish your class later, you'll be right where you left off when logging back on.

DHSMV Online Permit Exam

We proudly provide the official DHSMV permit exam, entirely online! The exam consists of 50 true or false and multiple-choice questions, and you must get at least 40 correct answers to pass.

This is a timed exam and must be completed within an hour. If you don't pass within your first three attempts, you will have to go to your local DHSMV office to retake the exam.

TLSAE Course and Online Permit Exam Combo

You can save money on obtaining your learner's permit by taking advantage of this convenient offer. Both the TLSAE course and online permit exam are required for getting your learner's permit, so opting for this bundle helps save time, hassle, and money.

While you can take the TLSAE course on your own time, the online permit test must be completed within the 60-minute window provided. You also must score 80% or above on both tests to pass the courses and obtain your learner's permit.

8 Hour Traffic School (Intermediate Driver Improvement)

If you have been court-ordered to do so, or have received at least two citations in the past year and have already taken the BDI, then you should apply for our Intermediate Driver Improvement course.

The class is entirely online and can be accessed whenever, wherever. However, it is important to note that it's up to you to notify the Florida DHSMV and court once you've completed this course.

Hialeah Driving Record

In addition to your certificates, the court requires you to submit an official copy of your Florida driving record to officially process your ticket dismissal. You can obtain these records thanks to DriveSafeToday.

This service is also available if you just need a copy for your own records. DriveSafeToday offers 3-year, 7-year, and complete 11-year driving records for your convenience. Note that in order to comply with Florida state law, driving records will not show your name or address.

Sign Up For Hialeah Traffic School

We've made it easy to take an online defensive driving course at anytime you want, from any device you choose.
