You will learn more effective car control and observation skills to help reduce risks while driving your vehicle.

## Get Your Ticket Dismissed Thanks To Our Brandon Traffic School

Getting a traffic ticket can be a considerable burden, far more than only paying a fine. When you receive a ticket, points are added to your driving record, which can not only suspend your driving privileges but also increase your insurance premiums.

You can get your ticket dismissed by completing our Defensive Driving course online. Completing an online defensive driving course is the quickest and most effective way to dismiss your traffic ticket. However, you must receive court permission to attend a

driving course for your traffic violation. You can apply for approval by going to the court yourself, requesting to do so by mail, or writing on the back of your citation.

Once you receive permission from the court, you can start DriveSafeToday's online Basic Driver Improvement course. After completing the course, we will notify the Florida DHSMV about your completion and issue you a certificate of completion. They will then contact you about the dismissal of your ticket.

## Qualify for an Insurance Discount with Brandon Traffic School

DriveSafeToday is committed to helping you lower your insurance premium. You can receive a discount of up to 10% by completing our online defensive driving course. Insurance premiums for teen drivers can be excessively high, but they can lower insurance payments by receiving online driver's education.

Most insurance providers throughout the state highly recommend our online driving courses. You will need to contact your insurance company to verify if you qualify for an insurance discount. If you do, all you need to do is register and complete the course at your convenience. Once finished, we will issue a completion certificate for you to submit to your insurance company.

## **Traffic Law and Substance Abuse Education (TLSAE)**

One of the major requirements necessary to obtain a learner's permit in Florida is to complete the Traffic Law and Substance Abuse Education (TLSAE) course. The course, also known as the Drug and Alcohol Course, covers information related to state traffic laws, road safety rules, and alcohol and drugs' effect on driving.

Our online Traffic Law and Substance Abuse Education (TLSAE) course is reviewed and approved by the Florida DHSMV. You must be 14 or above to apply for it. Once completed, we will notify the DHSMV on your behalf, and you will be eligible for your learner's permit exam.

## **DHSMV Online Permit Exam**

The DHSMV permit exam is another essential requirement for first-time drivers to complete before receiving their learner's permit. You will need to pass the permit exam before earning your learner's permit.

The permit exam consists of 50 questions, and you need to answer at least 40 correctly to pass the exam. You must complete the exam within a single hour session and are given three attempts to retake if you fail. If you do not pass within the three attempts given, you must take the exam in person at the Tampa DHSMV.

DriveSafeToday provides various learning materials, including tutorial videos, a practice exam booklet, and even a handbook to pass the exam. Our user-friendly interface allows you to take the exam anywhere you can access the internet.

## **TLSAE Course and Online Permit Exam Combo**

All first-time drivers must complete both the Learner's Permit Exam and Traffic Law Substance Abuse Education (TLSAE) course to earn their learner's permit in Florida. To make the process of obtaining a learner's permit simpler and more affordable, we offer a combination deal for earning both requirements. You no longer need to apply and pay for both courses separately; just apply for the TLSAE Course and Online Permit Exam Combo in a single, convenient transaction.

This course is also for those who have already attended a defensive driving course and received more than two tickets in the last 12 months. This course will cover the major causes of accidents, Florida traffic laws, defensive driving techniques, and tips for being a better and safer driver.

Our 8 Hour Traffic School course is approved by Florida DHSMV and meets all standards and requirements.
