Benefits of Defensive Driving

There are all kinds of risks when it comes to being on the road, but you can be better prepared with proper knowledge and practice when risky situations arise. A Clearwater Defensive Driving course helps motor vehicle drivers learn Florida traffic safety laws and regulations to begin driving or improve their existing driving skills. By participating in a defensive driving program, you can help protect yourself, your loved ones, and others on the road.

How Our Clearwater Traffic School Can Help Get Your Tickets Dismissed

If you have recently received a traffic ticket, you may have the option to complete a defensive driving course to lessen the severity of the citation and impact on your driving record. You may make your request to the court in-person, by mail, or on your citation.

Once you receive permission from the court, all you need to do is register for our online defensive driving course and complete it within the time provided. From there, our team will notify the Florida DHSMV for you and provide a certification of completion for your records if needed.

Since our classes are entirely online, you learn on your own time as your schedule permits. To pass the course, you will need to score a minimum of 80% on the final exam. No need to worry if you don't pass the first time; we give you unlimited chances at no additional cost! Once you've passed the course, the Florida DHSMV will be automatically notified, and your completion certificate can also be downloaded and printed for your records.

Our online state-approved TLSAE course will teach you how being under the influence of drugs and alcohol can affect your ability to operate a vehicle safely. This course is required before obtaining your Florida learner's permit. Our online, self-study class is the easiest way to complete your Traffic Law and Substance Abuse Education requirement.

DHSMV Online Permit Exam

Another requirement to obtain your learner's permit is passing the DHSMV permit exam. The test consists of a combination of 50 multiple choice and true or false questions. To pass, you must answer a minimum of 40 questions correctly in the 60-minute window provided. By law, the DHSMV allows only three attempts to pass the exam online. If you are unsuccessful within the attempts provided, you will have to retake the exam at the Pinellas County DHSMV office.
