

PROFESSIONAL EXPERIENCE

Our team understands the dynamics that go into a commercial kitchen, regardless of what type of food is served. With 25 years of CAD experience, a combined 13 years of residential and commercial kitchen design experience, and an extensive background in architectural design, we'll fill the gap between your ideas and a productive reality.

We've partnered with some of the biggest names in the business to craft kitchens tailored to their needs. Here's a run-down of who we've worked with:

- Republic Gastropub
- Kitchen 324
- Bricktown Brewery
- Broadway 10 & Chophouse
- Mahogany

— GASTROPUB —

Like the signature dishes from restaurants across the country, every design requires a unique approach—and a dollop of ingenuity—to get it just right.

THE BENEFITS OF FSW DESIGN

HIGH EFFICIENCY

With over 25 years in the industry, the FSW Design experts will listen to your ideas and shape a custom kitchen tailored to your needs.. We craft designs with your budget in mind to optimize the efficiency, production and flow of your cooking space. Our experts will even identify spots where design can cut the overall costs of your project.

THE RIGHT PRODUCTS

Years of extensive experience means our consultants know what equipment your kitchen needs, no matter what kind of plates come off the line. Some of the biggest players in the foodservice industry have trusted us to navigate their projects, and we're ready to provide you with the same great service. We'll also design your space to meet local and federal specifications so you'll be ready to sling your spatula as soon as our installation is complete.

OUR SERVICES

REMODELS AND BUILD-OUTS

Whether building out from scratch or remodeling an existing space, the only time you'll have to lift a finger is when you sign off on the plans. FSW Design works with you to craft plans tailored to your needs and sees every project, no matter how big or small, through to completion.

LATEST DESIGN TECHNOLOGY

From concepts and architecture to the nitty gritty of technical drawings, we use the latest technology to create kitchen designs to your specifications. That means you can see a 3D rendering of your kitchen on-screen, and see how it works with the rest of your business's design concepts.

THE FSW TOUCH

When you acquire your equipment through FSW or a Division of FSW, we'll design your entire kitchen from the ground up at no extra cost. That's it. No catch, no fine print, no hidden fees. That's been the FSW way since the very beginning and we're excited to extend this value you.
