RESIN JEWELRY

Resin is a mixture of organic and man-made compounds that is this season's most coveted material because it can be updated into any shape and color. The material is very lightweight and comfortable to wear. The resin jewelry complements the Botanic Bouquet collection with statement making styles.

BOHO CHIC

The summer season is in high gear with tassels, fringe, cord and boho chic jewelry. This trend can easily be mixed with the Denim Affair and Bora Bora collections.
