Small business owners wear a lot of hats. Just finding the time to post to multiple business social media accounts is tough.	needs to be something here; unsure.	
And the world is social. Facebook alone handles more than 60 billion messages a day, so how does the small business owner keep up?		
Enter SocialClique, a social media tool designed with local businesses in mind.	SocialClique logo in center of screen	G1
Unlike popular platforms like <b>Sprout Social</b> , <b>Hootsuite</b> and <b>Buffer</b> , SocialClique offers what we call "Intelligent Content."	Around SC logo, introduce other logos at trigger. Cut out at end of section	G2, G3, G4
Our team of social media pros have taken the time to truly understand what kinds of content your user base consumes.	something here	
BEGIN SCREEN RECORD VIDEO		
Search the vast library of shareable content that we've put together for your company.	Split screen between screen recording and blank page (or page with simple background); this other half will populate with bullet points to follow. Begin bullet points with first point: "Intelligent content discovery with searchable libraries"	
SocialClique will plan months of posts in advance with just a click of the "Auto Schedule" button	second point: "Automatic scheduling and calendaring"	
so you can share to Facebook, Twitter, Google+ and LinkedIn from a single	third point: "Multiple platform support"
