WHAT IS MYNAPARROT'S MISSION?

At MynaParrot, we intend to bring your course of teaching languages like Mandarin, online & connect you to our students. Our students can learn from you through Virtual classroom and more importantly, be able to watch you teach.

The learning can be easy if it is repeated to the student over and over again. Also, the student needs to be able to contact teachers when they have doubts. To solve this need, you can interact with students on our Forums, and answer their questions after your class. Your video of teaching will also be uploaded permanently, so our students can see your teaching material anytime on their computers.

We would like you to join us in our mission, of teaching students with the noble thought of providing high-quality education. For this purpose, at MynaParrot, we believe in offering you a chance to teach and also more revenue for your generous service.

WHY WE DON'T CHARGE REGISTRATION FEES?

We offer all of this to provide easy-to-available- education, MynaParrot does not charge any registration charges for your school to our website. With a three-step plugin process, you can upload your course to our website.
