# NYU-SCPS Summer Intensives

Just as spring marks the time for rebirth, summer is the time of growth, when new life teems with activity. It is a time to explore, discover, and develop.

At the New York University School of Continuing and Professional Studies (NYU-SCPS), summer marks a time when students are given the opportunity to accelerate both their professional growth and their personal development. Our Summer Intensive programs provide in-depth learning opportunity in a condensed format that is designed to accommodate your busy schedule. Classes run from one to twelve weeks, and are offered during the day, evening, and weekend to fit your lifestyle. Limited enrollment means small classes, and, in turn, personalized attention and an enhanced learning experience.

Whether your goal is to excel in this competitive job market, to expand your overall marketability by mastering a new skill, or to embark on a journey of personal enlightenment, Summer Intensive programs at NYU-SCPS provide you with the tools and the knowledge base you need to succeed. All it takes is the hunger for enrichment and the desire to transcend the ordinary to make this summer a time when you can grow, learn, and achieve!

## ACCOUNTING, TAXATION, AND LEGAL PROGRAMS

### Accounting and Financial Statement Analysis

#### ACCT1-CE8125/\$1,050

**M** Sec. 1: Mon.-Fri., 9 a.m.-5 p.m., June 18-22  
(5 sessions). John F. Mahoney, CPA, private practice.

Receive an introduction to financial accounting principles through this intensive workshop. Topics include methods of analyzing, recording, summarizing, and reporting financial data; forms of ownership, such as corporations, partnerships, and limited liability companies; and analysis of financial statements. Investigate ratio analysis, liquidity, cash flow, capital structure, and quality of earnings. Some prior familiarity with accounting terms and concepts is recommended. *Not applicable to satisfying the requirements for the Certificate in Accounting or the Certificate in Financial Analysis.*

### Summer Institute in Taxation

*July 9-20, The Westin New York at Times Square.*

NYU-SCPS offers this program for professionals who wish to obtain a solid foundation in a specialized area of law or tax practice. Eight individual conferences make up the Institute:

- **Introduction to International Taxation**  
*July 23-25*
- **Advanced International Taxation**  
*July 26-27*
- **Introduction to Trusts and Estates**  
*July 23-25*
- **Institute on Federal Wealth Taxation**  
*July 25-27*
- **Introduction to State and Local Taxation**  
*July 16-18*
- **State and Local Taxation II**  
*July 19-20*
- **Introduction to Partnerships**  
*July 16-18*
- **Introduction to Consolidated Returns**  
*July 18-20*

Lecturers nationally and internationally renowned practitioners. *For additional information and program details, visit [scps.nyu.edu/sumtax](http://scps.nyu.edu/sumtax), call (212) 992-3320, or e-mail [scps.atl@nyu.edu](mailto:scps.atl@nyu.edu).*

**M** Meets at NYU Midtown Center, 11 W. 42nd St.

## FINANCE

### Finance and Accounting for Graduate Students

#### FINA2-CS1204/\$995

**M** Sec. 201: Mon.-Fri., 10 a.m.-6 p.m., July 30-Aug. 3 (5 sessions). John F. Mahoney, CPA, private practice; and Alan Anderson, FRM, assistant professor of finance, Western Connecticut State University.

Current and prospective M.B.A./M.P.A./master's degree students who must take a finance or accounting course during their studies benefit from this intensive covering the essentials of finance and accounting. Students develop a strong base in these subject areas before they begin the finance or accounting coursework required in their graduate programs. Topics include the compilation of financial statements, as well as the essentials of balance sheets, income statements, and cash flow analysis. Concepts such as quality of earnings, ratio analysis, capital structure and methods of financing, financial management, discounted cash flow analysis, long- and short-term debt policy, and leasing are among the areas covered in depth.
