## Meditation/Intuitive Development Class

This meditation class, led by Melissa Alejandro, will be a chakra meditation meant to open, center and balance the chakras.

### So...why meditate?

Meditation will improve your life "across the board." It helps you relax, and relieves stress and anxiety. It improves health, relieves physical and emotional pain, helps with sleep problems, and improves focus and concentration. It connects you to your higher self and spirit as it provides a better understanding of true self and awakens intuition.
