While some may prefer tranquility and others like party, we all gather here because we want one thing from our beaches—sexiness. Whether that comes in the form of a beside bar or a secluded club is up to you. But either way, here is a list of 6 sexy beaches that will be sure to stoke your fire and made your trip worthwhile!

Cuba

Varadero, Cuba

Camilla Cabello has had all of us singing the praises of Havana, Ooo, Nah, Nah non-stop for the past two years. And for good reason. As a former playground for the glitterati of the 40s and 50s, Cuba has long been an escape for those looking to party hard in the sand from dusk till dawn.

Fast forward 60 years and one revolution and you may be surprised to find that Cuba still has not lost her shine. However, if you are looking for a beach getaway, you must leave *la ciudad* and head east. Why? Because the best place in Cuba to sip on Mojitos and sway to the rhythms of salsa and rumba throughout the night is located just a little over an hour away in Varadero.

Located on a narrow peninsula only 1.2 kilometers wide, this tiny sliver of land offers up a piece of paradise for anyone looking for a sexy getaway. Covered with resorts and beautifully accommodating Airbnbs, this is the place to be if you are looking to get away with your babe. Or if you have come to find one—just for the duration of your trip.

This pristine stretch of 20-kilometer beach is unrivaled in the Caribbean. Offering up beautiful white sand beaches and water so warm that it will feel like you are swimming in the bathtub, it is a perfect place to cool off or heat up with your babe or beaux.

Turkey

Kaputas Beach

Located quite literally between the East and the West, if Turkey has not made to the list of places to visit, you are surely missing out. Located in the southern province of Antalya are some of the most glorious beaches in the Mediterranean.

Located about an hour and a half from Keleçie, the main city in the province, and just a few kilometers from the famous Blue Cave, Kaputas gets extra points for the sheer natural beauty of its natural surroundings. This coupled with a gorgeous deep blue water and pebbly shore, make this the perfect place to lay up with your lover.

And while Kaputas's beauty is certainly a draw, the opportunity to spend a little alone time in a gorgeous natural wonder like the Blue Cave certainly adds its appeal.

Minorca

Cala Mitjana

As the quiet little sister of the larger and more exuberant islands Mallorca and Ibiza, Minorca has largely been off the radar for many American travelers. Thus, making it the perfect place for repose for celebs who are in dire need of a little privacy. Like Solange who come to visit back in 2017. But we don't like to gossip, so you didn't hear that from us.

And as with all things in life and art, Solange has great taste. This tiny 700km islands is covered in virgin beaches and coves so beautiful that you'll want to check your pulse to see if your still alive, because surely even heaven can't beat the views.

And off all the coastal spaces competing for beauty, the tiny cove of Cala Mitjana upstages them by being one of the sexiest locales on the island.

What makes her stand out among the rest? Well, perhaps the very fact that she doesn't. This gorgeous blue space is not as accessible as the bigger ones such as Son Bou or Cala Galdana. Which means that you will actively have to seek it out to get there. Either by trekking 20 minutes through the woods, or via boat—which you can rent at either end of the island at her two major cities.

This level of seclusion means that there generally aren't many children around. And these beaches are generally populated by Europeans, that means that clothes and bathing suits will generally be in short supply as well. Don't feel pressured, however, it is not a naturalist beach. But don't be surprised if you see a few bodies that will make you want to step of your squat game. Or if after a few hours of cuddling under the sun, you and your boo will want to hightail it back to your accommodations and do what loves do. We won't judge. In fact, we fully support it.

Mallorca

Playa De Magaluf

Much like her sister, Mallorca is covered in beautiful long stretch beaches and tiny little coves. But like most big sisters, Mallorca is far more developed, and in many ways, more alluring. While celebrities may head to Minorca to hide, they go to Mallorca to show off.

This is after all the island where Michael Douglas bought his mansion and Spanish King Juan Carlos likes summer. And who could blame them? While her sister's beaches may be quiet and demure virgins, Mallorca's beaches are stuffed to the hilt with fantastic restaurants, creative

bars and exclusive beach clubs. This is the place to see and be seen. And there is no better place on the island to do that than Playa De Magaluf.

Located 28 kilometers southwest of Palma, in the resort town of the same name. While the beach itself offers clear waters and amazing views of the Mediterranean, this may be the one place on the island where you'd prefer to spend more time outside of the water.

Among the many adult playhouses along the sandy shore, Playa De Magaluf is home to Nikki Beach—the place to be for those who want to be seen. Here you and your lover can sunbathe by the pool by day, and rock out to the tunes of the hottest DJ come nightfall. And even if you came to Mallorca alone, at Nikki Beach, you don't have to be!

Thailand

Long Beach, Phi Phi Islands

If the Spanish lesson you took in high school never stuck and you don't want to be stranded on an island reminding you of your failures, never fear. Thailand is here to give you just the vacation you and your boo need—language barrier free.

Located in the middle of the Andaman Sea three hours from Phuket by ferry, the Phi Phi Islands are the true definition of paradise. Here in Phi Phi, you and your boo can sleep in a beachside bungalow with nothing to entertain you but yourselves. Sounds like a good time to us.

And on all the many beaches on this misshapen landmass in the middle of the sea is full of sexy singles and honeymooners. And they all seem to coalesce on the most beautiful beach on the island. The aptly named Long Beach.

Swimming through the waters here is like swimming in melted turquoise glass. Like Cala Mitjana in Minorca, getting here requires going on a bit of a hike. Or you can hire a boat taxi to bring you here from Koh Phi Phi Town. Either way you get here, you and your other half will be happy that you did.

Portugal

Praia do Ouro

Back in Iberia, Portugal, Spain's neighbor on the Peninsula, has its own seductive shoreline to offer up. Located an hour south of Lisbon, is the fittingly named Praia do Ouro. Or in English, Gold Beach. Behind, this seemingly endless stretch of golden sand and cobalt blue waters, is an equally endless stretch of bars restaurants and trendy hotels.

While there are far more families on the beach by day, by night the beach is alive with groups of young couples and singles enjoying each other's company. There is even a bar at the far end

of the beach that transforms into an outdoor lounge come nightfall. While it is far more lowkey than Nikki Beach in Mallorca, that doesn't mean that it any less fun.

While glamour and exclusivity certainly have their place, sometimes the sexiest thing you can be in uninhibited. And what better way to let go is there than dancing all night on the beach like no one is watching with the person that you love the most?

So, there you have it! 6 sexy beaches that will leave you feel refreshed, rejuvenated and fully vibrant. Whether you come as a couple or on your own, they'll be sure to bring your sexy back. Unless, of course, you bring it with you.
