## Choose the Avista Joint and Spine Care Center

### Avista Adventist Hospital

## Choose a Hospital with an Extraordinary Patient Experience

The Joint and Spine Care Center at Avista Adventist Hospital in Louisville is different. Beginning with our mission to provide you with excellent care in a setting focused on wellness, you'll find there's a deeper philosophy at work on our campus.

Our focus results from our study of research that shows people having joint replacements and spine surgeries simply recover more quickly, have less pain, and require less medication when cared for in an atmosphere that is physically and psychologically supportive.

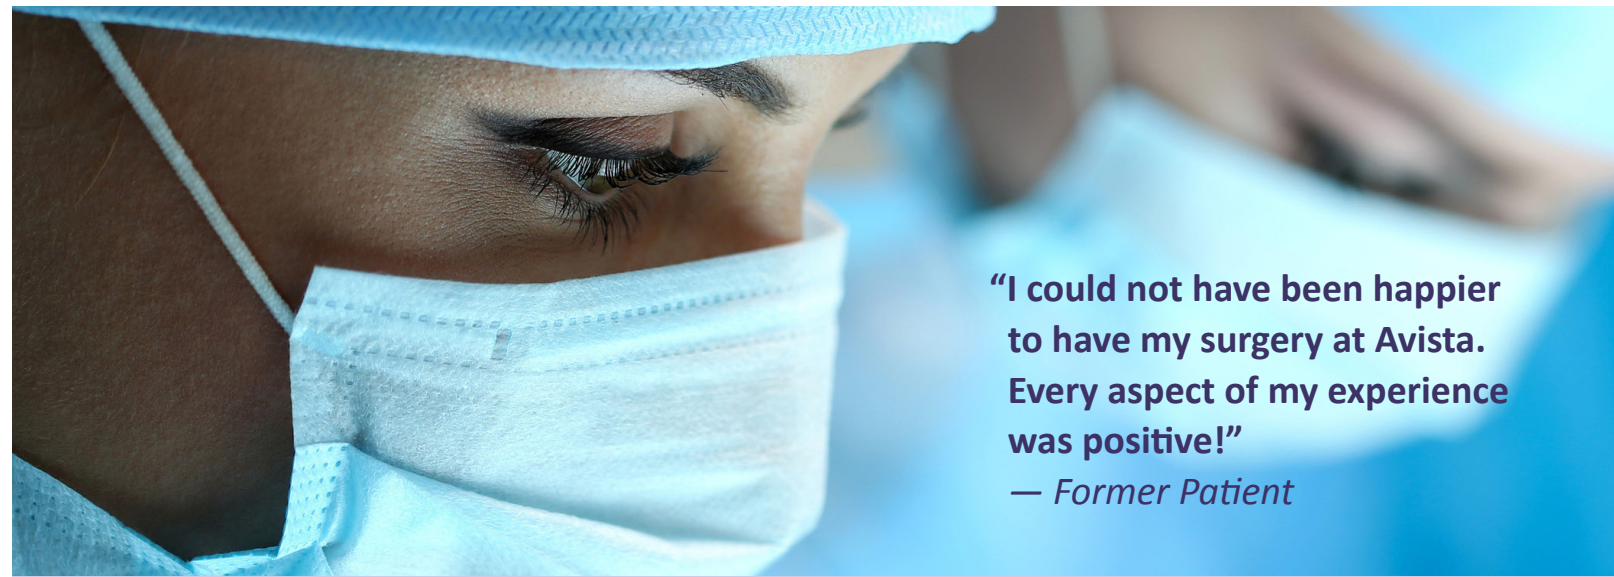

We've created a unique healing environment, one that is decidedly inviting and peaceful, for your complete and rapid recovery.

## Choose Privacy and Comfort

Our large, private patient rooms, many with breathtaking views of the Flatirons, are located in a 13-bed unit of the hospital dedicated exclusively to joint and spine patients, each with a private bathroom designed for easy access.

**"The personalized support was outstanding. ...I'll always recall my stay as a very positive experience."**

— Former Patient

**"I could not have been happier to have my surgery at Avista. Every aspect of my experience was positive!"**  
— Former Patient

## Choose an Unrivaled Commitment to Orthopedic Care

As the only hospital in Boulder County and North Denver with a unit dedicated exclusively to orthopedics, the Avista Joint and Spine Center raises the bar on clinical outcomes and quality measures while providing superior bedside care for patients having surgery.

The finest orthopedic doctors in Colorado choose to work at Avista Adventist Hospital because it has the facilities, technology, and experienced staff their patients need. Avista offers the latest equipment and technology in five recently upgraded state-of-the-art operating suites.

## Choose a Team with Unsurpassed Expertise

- 100 percent of Avista's Joint Care Center staff nurses are certified by the National Association of Orthopedic Nurses.
- Our physical and occupational therapists are specially trained in joint replacement and spine surgeries.
- The Joint and Spine Care Center has an orthopedic physician assistant on staff full time to care for patients' needs.
- Avista's team of anesthesiologists and certified registered nurse anesthetists provide on-site pain control. Pharmacist pain consultations are also available to patients with higher pain management needs.
- On-site respiratory therapists provide personalized care for every patient.

## Choose Complete and Comprehensive Care

Research confirms that patients improve more rapidly and experience less post-surgical depression and anxiety if they know what to expect. That's why we offer a Joint Camp or Spine Camp to all of our patients prior to surgery.

You'll learn:

- What to do to prepare for surgery
- What will happen in the operating room
- Medications that may be prescribed to you
- Rehabilitation and therapy programs that will help you recover
- What to expect when you return home
- Where to find community resources and equipment to ease your recovery

## Choose Orthopedic Excellence

Behind each of these awards, you'll discover our commitment to consistently put patients first and provide the highest level of expertise and care.
