

# A Knee Implant that's Built for You – and Only You.

Climbing ladders during a painting project was once unbearably painful for Jill Hatfield. Thanks to Avista Adventist Hospital and 3-D technology that creates customized knee replacements for patients, Jill is back in step.

“After the left one went so well, I was chomping at the bit to have the right one done.

A few months after my second 3-D knee, I walked all over the state fair without a wheelchair or a brace.”

— Jill Hatfield

New 3-D technology is giving women custom knees and quicker recoveries.

Avista Adventist Hospital  
Centura Health®

INSPIRE HEALTH

Avista Adventist Hospital was awarded The Joint Commission's Gold Seal of Approval® for its Total Knee Replacement Program by demonstrating compliance with The Joint Commission's national standards for health care quality and safety in disease-specific care. The certification award recognizes Avista Adventist Hospital's dedication to continuous compliance with The Joint Commission's state-of-the-art standards.
