## Caribbean dreaming

Hoping to flee winter for a luxurious place in the sun? Try Jumby Bay's new beachfront estate

**W**ant to trade the short, cold, dark days of winter for sparkling seas, pristine beaches, warm sunshine and lush landscape? Check out Lazy Lizard – the latest addition to Rosewood Jumby Bay, the luxury private-island resort, two miles off the coast of Antigua.

Jumby Bay is accessible only by boat and offers rooms and

homes spread across the island for holidaymakers to rent.

Lazy Lizard is an 18,000 sq ft beachfront estate, comprising a main house with two 2,000 sq ft master suites and six suites housed in separate pavilions – all clustered around an impressive free-form swimming pool. Once you've checked in, rest assured that your every need will be catered for – a private chef, housekeeper

and butler are on the staff. You can simply relax here, or be as active as you'd like.

The estate, which fuses Caribbean and Asian architectural styles, features sumptuous living areas, elegant bedrooms, stylish en-suite bathrooms and private outdoor gardens, while the pool incorporates a floating dining pavilion.

When you're not unwinding, there's a host of activities to keep you

and your guests entertained – watersports, sailboarding, snorkelling and tennis to name a few. A floodlit court lies near the main house. You'll love the blend of sophisticated resort and deluxe retreat here – it's perfect for switching off, kicking back and shaking those winter blues.
