THE MONTH'S TOP TV FOR YOUNGSTERS

The toys are back in town!

Woody and the gang are coming to your home in a new adventure...

HD NEW TOY STORY 3
Sun 29, 5pm & 8pm,
Disney Cinemagic/HD (622)

It was the highest-grossing film of 2010, fans queued through the night to see it and it won the Oscar® for Best Animated Feature. And now *Toy Story 3* is coming to your living room, premiering exclusively on Disney Cinemagic HD.

So, what's the story? Well, with Andy all grown up and leaving for college, Woody (voiced by Tom Hanks), Buzz and the gang find themselves donated to a day-care centre. At first it seems perfect, with fun new friends including Ken (Michael Keaton), sparkly octopus Stretch (Whoopi Goldberg) and pink teddy bear Lotso (Ned Beatty). But

they soon realise it's not the playtime haven it seems, and the gang set about planning their daring escape...

Kids and adults alike will relish every detail of the hilarious action in stunning HD – from Ken's dazzling wardrobe to Lotso's super-soft fur! Have tissues at the ready, though – this heart-melting tale is a tearjerker too!
