THE MONTH'S TOP TV FOR YOUNGSTERS

Charlie is flying high as the Duncans return for more family frolics

A proper Charlie!

The Duncans are back with more madcap family mayhem...

NEW SERIES GOOD LUCK CHARLIE
From Mon 6, 5.25pm, Disney Channel (609)

Get ready for some quality family time this month as our favourite clan are back on Disney Channel with the second series of *Good Luck Charlie*. For those who have missed out on the laughs so far, the Duncans got a surprise with the unexpected arrival

of baby daughter Charlie. Parents Amy and Bob enlist the help of their older kids – Teddy, PJ and Gabe – to look after Charlie. So, Teddy decides to keep a video diary for her sister, leading to lots of hilarious situations.

In the new series, which sees Charlie turn two, Teddy gets a job working at an ocean-themed children's party

venue, where she discovers that her costume doesn't quite fit! And PJ uses his little sister to meet girls, but his plan backfires when his new crush is only interested in Charlie.

"Filming's been great," says Bridget Mender, who plays Teddy. "And look out for familiar faces from the first season." Fun for the whole family!
