

Film Festival Flix is the virtual platform solution for Film Festivals looking to thrive—now and in the industry’s inevitable virtual future.

When making the transition to a virtual format, we’ve found that Festivals ask two main questions:

- 1. Does the platform work?
- 2. Does it support my patron’s experience?

After 8 years of proven development we can answer both questions with a resounding *yes.*

We offer a simple, user-friendly experience. Viewers can watch on the device they already own.

- 1 Create an account.
- 2 Select a film.
- 3 Purchase a pass.
- 4 Click play.
