

Oregon Community Bank & Waunakee Community Bank Best Places to Work 2017

A SUCCESSFUL TEAM

Employees at Oregon Community Bank enjoy being part of a successful team, said CEO Steve Peotter.

The bank has seen significant growth in the past year, primarily due to the opening of a second location, Waunakee Community Bank, in December 2016. The strategic plan is to continue to grow and add locations throughout Dane County, Peotter said.

"We are very fortunate. The ability to grow and keep serving clients is exciting for us," he said.

Pride in the company's success and growth is part of why Oregon Community Bank and Waunakee Community Bank have been selected as a Best Places to Work in 2017.

"One of our goals is to create a world-class experience for our clients. In order to do that, we have to have world-class colleagues who serve those clients," Peotter said.

Colleagues receive a generous compensation as well as a flexible work environment. They also have the opportunity to receive year-end bonuses that are based on the company's success.

"As an organization we are growing rapidly and that leads to new opportunities for career growth. It also leads to new clients joining the bank," Peotter said.
