

Welcome to Apothecary By Design.

Since your healthcare provider has chosen ABD for your pharmacy care, we thought you might appreciate a little information about us.

We're a specialty pharmacy that offers a level of service that may seem unusual. It's personal. High-touch, high-tech. Advocating for you, guiding each step of your treatment journey.

You'll notice the difference right away.

One of our expert, friendly team members will be contacting you soon to discuss your medication therapy. Should you have a question, our pharmacists are available 24/7. And when you call during regular business hours, a member of our team — a “real person” — will always answer the phone.

Yes, we're a different type of pharmacy, which is why we say:
ABD is reimagining pharmacy care, inspired by you.

Reimagining Pharmacy Care, Inspired By You

Portland: 877.814.8447

Chicago: 877.343.2597

Village Fertility Pharmacy:

877.334.1610

Here's what you can expect from ABD.

1. Constant commitment. Day in, day out, your ABD pharmacy team will provide guidance, support, and information to help you understand your treatment and make the most of it.

2. Real people and 24/7 support. Call ABD during regular hours, and you'll speak directly to a member of your pharmacy team. Our on-call pharmacists are available at any hour to help you with urgent needs.

3. Clinical expertise. Our certified specialty pharmacists and other experienced staff are skilled in fertility, inflammatory conditions, hepatitis, HIV, transplant, and other care specialties.

4. Teamwork. At ABD, we are patient advocates. So we work closely with your healthcare providers, insurers, and others to make your well-being the first priority.

5. Timely, reliable shipping at no charge. We're proud to offer free, secure delivery of your medications wherever you're located, with an on-time rate that exceeds 99.8%.

6. Financial assistance. Our patient advocates can help you understand and optimize your insurance benefits, and secure funding to help with the out-of-pocket cost of your medication. In 2016, ABD accessed more than \$5 million for our patients.
