

NEW NAME. SAME TEAM. CONTINUED COMMITMENT.

In March, here at 84 Marginal Way, our retail pharmacy services, non-sterile compounding lab, nutraceutical business, and coffee shop will launch as a new company: **COASTAL PHARMACY & WELLNESS.**

While the name and logo are new, Coastal Pharmacy & Wellness will continue to operate right here, offering the same great service under the same great staff. Patients whose retail or compounding prescriptions are now filled here will be automatically transferred to Coastal, with no interruption in care. Our dedication to being the best possible pharmacy for you remains constant.

coastalpharmacyandwellness.com

Apothecary by Design will continue to focus on specialty pharmacy services at 141 Preble Street, serving regional and national markets. These operations are unaffected by the launch of Coastal Pharmacy & Wellness. And Apothecary by Design will continue to provide both sterile and non-sterile compounding for patients accessing its specialty pharmacy services.
