CRAFTSMANSHIP

In the quiet, country town of Jindera, lies a brick factory full of good, honest locals who live the world of bricks with a passion. Many of the team who work here have long brick-making family histories and are deeply bonded in the time-honoured craftsmanship of clay brickmaking.

Recently, this team of hard-working men and women have worked tirelessly to create Pure Linens, one of the few colour-through brick ranges manufactured in Australia. They are true artisans whose pride for what they do has brought this premium brick range to reality.

Few things have a natural sense of calm like a creek trickling with water from overnight rain. Pebble Creek seeks that nostalgic feeling, like the memory of stones shimmering in the water. They are a warmer take on neutrals, perfect for bringing the outdoors into your modern build.
