Emirates 777

Short description (500 characters)

The most impressive seat in the sky belongs to you, when you hop on board the Emirates 777 inflight immersive experience. Now you can explore our entire state-of-the art aircrafts, the Boeing V777 and A380, and create your own interactive experience in every cabin class. Explore the benefits of our economy seats, pick up a menu at the bar in first and business class, or relax in your own premium reclining seat. The most exclusive flight experience in the world is at your fingertips.

Full description (1,000 characters)

Are you ready to experience the most immersive flight experience available on land? Emirates is excited to welcome you on board our state-of-the art aircrafts, the Boeing V777 and A380. Once you're settled, it's time to explore and navigate your way freely around the aircraft.

Discover the high standards and perks of economy, before making your way to first and business class. Here, you'll find yourself immersed in the luxury and convenience of our most exclusive products and services. Everything around you is part of the interactive experience: pick up a menu at the bar and browse the delicious meals; relax in your own premium first-class seat; pop on your headphones and choose a film from the widescreen; and why not hop in the shower in the privacy of your personal bathroom? And if you want complete relaxation and peace, there's no place quite like our business-class pods. Stretch out on your reclining seat, slide the door shut, and admire the most impressive view in the sky.
