

GET YOUR LIFE IN ORDER

**frame job** Get the luxe look of wallpaper without the expense of papering a whole room. Start by covering a section of wall in your chosen print (shown here: York Wallcoverings DwellStudio Baby + Kids Animal Blocks, \$42/roll; wayfair.com). Then cut molding (available at home-improvement stores) to size with a miter saw and nail it to the wall to serve as a frame. The results will be prettier than a picture!
