We've added three new, flexible plans for you to choose from. Speak to one of our licensed agents to see if one may be right for you.

PPO 2500 and 1500 Advantage — Pay a copay for the services you use most often, like doctor visits and generic drugs. And keep your monthly rates low by choosing a deductible for services you're less likely to use – either \$2500 or \$1500.

HMO 50 Copay — Our most affordable copay plan offers predictability when it comes to budget, with copays for just about all covered services. Plus, you get coverage for eye exams and glasses or contact lenses.
