Financing

Higher education is one of the best long-term investments you can make.

Paying for college is a major financial commitment, so we try to keep our tuition and fees as low as possible while still providing a quality academic experience. And with information about available financing, we'll do everything we can to help you achieve your academic goals.

Title IV

With Title IV certification, cost may not be a major obstacle to earning your degree at Northcentral. In August 2009, we received certification from the United States Department of Education to participate in Federal Student Aid programs authorized by Title IV of the Higher Education Act (Title IV, HEA Program). All qualifying current and prospective students at Northcentral will now be able to apply for all applicable federal student aid programs, including Unsubsidized Federal Stafford loans, Subsidized Federal Stafford loans, Federal PLUS (Parent) loans, and Federal Pell Grants.
