

Dear %firstname%,

This June, I brought communities together to donate two fire trucks to the people of the Dominican Republic. In the past, I've worked closely with the Community Angels, a local non-profit organization. When Carol Aguasvistas, a Rhode Islander and Dominican involved with Community Angels, shared that the Dominican Republic needed working fire trucks, I set out to make it a reality. By partnering with my good friend Mayor Joe Polisena and the town of Johnston, we were able to send two fire trucks overseas.

An auto shop in Providence is fixing the trucks before donating them to La Dundacion Abundancia de Agua, a Dominican relief agency based in Rhode Island. Right now, the organization is working to fix the trucks and will send them to the Dominican Republic in the next few weeks. Read all about our efforts [here](#).

I am so proud to bring these communities together. In addition to uniting and representing our 39 cities and towns, it's important to connect to our neighbors abroad who have so many friends and family members here in the state of Rhode Island.

This September, I'm asking for your vote to continue the work I've done as your Lieutenant Governor both in our state, and in neighboring communities. [Can you help me represent the needs of our residents for another four years by donating \\$10, \\$25, \\$50 or \\$100 to my campaign?](#)

Thank you for your support!

Regards,

Dan McKee
