

KNITTY AFFAIRE

By Avantika Bose

Sweater weather is here, and as it starts getting colder, it's time to get serious about the new season and that begins with sweaters. Though sweaters are the foundation of every winter wardrobe, not all knits are created equal. However, you don't need to bother about that — whether you like them oversized, figure hugging or somewhere in between, this season is more versatile than ever. The options are endless and here are Team FNI's picks of the best knitwear.
