Eventbase announces its 10 millionth download of mobile event app

Vancouver, BC – April 1st 2016 – Global tech enterprise, Eventbase, is excited to announce that it has reached its 10 millionth download of its mobile event app. The company continues to build upon its impressive resume that includes consecutive Gold Awards for “Best Event App” at the Event Technology Awards in 2014 and 2015 winning Gold at the Event Technology in 2014 and 2015.

Engineered for high performance, non-stop availability and industry-leading security, Eventbase apps are backed by the highest performance data cluster in the industry, capable of serving mass amounts of simultaneous users.

Trusted by global brands, Eventbase’s versatile platform has powered official apps for events in 18 languages and across 67 countries worldwide, including the 2010, 2012 & 2014 Olympic games. Eventbase apps have powered thousands of events for many of the world’s largest companies, like Cisco. With over 13,000 events annually, Cisco trusts Eventbase to power their most critical events.

Some members of the extensive of clients served by Eventbase include:

- South by Southwest
- SAP
- IBM
- HP
- Cisco
- Dell
- Comic-Con
- Sundance Film Festival

Following their recent financing of \$8 million CDN, Eventbase plans to invest heavily in infrastructure and tools to allow their platform to be utilized more than ever by future events and clients.
