

WELCOME TO InVite® Health!

InVite® Health is a unique health and wellness brand that combines innovative products, nutritional education, and a luxury retail store experience. Our brand has been developed by industry professionals – pharmacists, nutritionists, and other healthcare experts who understand the science behind vitamins and supplements and the need for integrity in our industry. Lead by our Scientific Director, Jerry Hickey, R. Ph., along with Dr. Alan Pressman, InVite® Health actively develops new products to help our customers enhance their health and wellness. Our product line includes a wide selection of vitamins, supplements, beauty and skincare products, and other natural health solutions.

InVite® Health is committed to producing the most innovative and effective nutritional products on the market. All of our products are made with the highest quality ingredients and the most up-to-date manufacturing methods (Good Manufacturing Practice, or GMP). Our nutritional solutions are designed to help you feel great and achieve your best health, naturally. Our brand is about much more than just the product, though. InVite® Health is a brand that places a high value on nutritional education – for this reason, our exclusive product line is backed up by our team of professional nutrition specialists to assist you in making informed choices about their health. A nutritionist is on staff at each InVite® Health retail store, and you can call any of our [store locations](#) to speak to a nutritionist over the phone. We offer FREE nutritional consultations at all of our store locations, and you can [email Jerry Hickey](#) with your healthcare questions and concerns. InVite® Health provides you with all the resources you need to make informed choices about your health. We'll guide you through the entire process and help you create a customized nutritional protocol for your personal health needs, goals, and lifestyle preferences.

LUXURY RETAIL EXPERIENCE

InVite® Health has reinvented the retail vitamin experience. At our upscale store locations, you can sit with a nutritionist for a free consultation, watch our flat screens for the latest information and education, and shop a product collection with a unified and beautifully designed presentation. When you're finished shopping, we provide a quick and simple virtual checkout process via Bluetooth with email receipts available. Our stores are located throughout [New York City](#), [Long Island](#), [New Jersey](#) and [Florida](#), with many more locations coming soon.

QUALITY PRODUCTS

InVite® Health has been recognized for over 25 years as a leading innovator in the nutritional supplement industry. Our state-of-the-art manufacturing system uses only the best methods and ingredients, including the advanced Capsugel technology that allows the body to absorb the nutrients in InVite supplements much more rapidly. This means our top-quality ingredients are absorbed into the body as quickly as possible. We follow strict cGMP guidelines (GMP) – this guarantees that what we say on the label is exactly what's included in the product. Our product line covers every aspect of your health – whether you're looking for the perfect [multivitamin](#), an [energy booster](#), a [natural skincare solution](#) or anything else, you'll be sure to find a great product from InVite. RESEARCH & EDUCATION

InVite® Health's brand is deeply rooted in health and nutrition education. We strive to create the most innovative and effective supplements – but some products will address your unique health needs more than others. Our website provides you with a variety of resources to help you decide which supplements fit best with your lifestyle and personal needs. To learn more about our products, check out our [Informational Videos](#) and [Independent Research Studies](#) - these pages offer detailed information to help you choose a product that will work for you. Our [Blog](#) features daily posts with the latest health news and tips from our experts, as well as personal accounts of various health issues and the latest scientific research. The [Drug-Induced Nutrient Depletion Chart](#) is a great tool to help you find out which nutrients your body needs the most. InVite's popular talk radio programs are broadcasted nationwide, and with InVite® Health online, you'll never miss a show.
