

WE STEWARD A BETTER TOMORROW FROM THE INSIDE OUT

At ORIX USA, we're guided by our purpose: *to steward a better tomorrow*. This reminds us of the responsibility we have to our employees, clients, shareholders and communities. Nothing makes us prouder than to see our team members living this purpose, and that's why we're honored to recognize our very own Jim Dunn for being named a finalist in *D CEO's* Nonprofit & Corporate Citizenship Awards.

As a financial services company, we provide the capital and long-term investment perspective that our clients need to grow and succeed—but that's not all we do. We take pride in impacting our communities through our employee-led nonprofit, ORIX Foundation. Our focus is on making the world a better place, and it's through employees like Jim that we make it happen.
