## NOTHING IS BLACK / WHITE - INCLUDING YOUR TROUSER COLLECTION.

Instead of buying 100 button-down shirts you have zero affinity for - try diversifying your wardrobe from the "bottoms" up. Check out our styling guide for the best looking pants in the game and see just how far

you can get with a pair that veers from your trusty ol' denim.

## THE LEAN, CLEAN, WIDE-LEG MACHINE.

Show some skin (or the rest of your great lace-up boots) in a casual cropped trouser. The wider cut through the leg amps up the "street" cred, so a polished shirt + edgy accessories are all you need to complete the look.

The 2000's punk in you will flourish in this fearless ensemble.

Take the guesswork out of looking good on the go. Our go-to formula : an expressive tailored pant with a luxury tee to bring it back down to earth. When you balance out your look with "high-low" styling, you'll always be effortlessly appropriate, going from "who does that guy think he is?" to "who's THAT guy?".

**MORE BLUE, LESS JEAN.**

Shades of blue, denim or otherwise, often live inside the comfort zone of a less adventurous dude. Swapping your go-to denim for a polished chino can take your collection of shirts from boring to brilliant - especially when they're as flexible as our Jersey Crop Pant from Selected Homme.
