

# Sheridan

To whom it may concern,

March 9, 2020

My name Sunand Sharma and I am employed as a member of Student Affairs at Sheridan College as the Associate Dean – Community Citizenship and Student Leadership & Engagement.

I am writing this letter as reference for Tarun Paul Singh to support his application towards the Student Leadership Award. I have had the privilege to work with many students over my time at Sheridan, but Paul stands out. He is kind, respectful and shows great initiative to improve the lives of students and others around him. He has demonstrated selflessness in his position and has made a difference with those he interacts with on a daily basis.

Paul's leadership is demonstrated through his service to his community and commitment to help others. I met Paul when he became a Health and Wellness Peer Mentor in August 2019. He quickly became part of the larger team and supported a number of student events, whether as a volunteer or as a peer mentor. These included

- New Student Orientation
- World Sikh Organization 2019 – extended orientation
- International welcome festival 2019
- Chinese new year
- Vietnam new year
- Take back the night
- World Sikh Organization 2019 – extended orientation
- Student Affairs Divisional meeting – Student Leader panel
- Welcome Fest 2020

Paul has also been able to balance his academic studies and has maintained a near perfect GPA at 3.8, while balancing his student leadership and volunteer initiatives. When it comes to leadership, if the bar is making a difference for others, Paul is the example of Student Leader and deserved of this award and others.

Please accept this recommendation for a strong student, a great student leader and a wonderful person.

Sincerely,

*Sunand Sharma*
