Rising electronic prodigy **Bobby Puma** isn't exactly a new kid on the block, but he ventures into house territory with his latest release, titled "**Deeper than Love**" (ft. Katt Rockell). The track's winning combination of ethereal vocals, emotive lyrics, and a deep progressive beat adapts from easy listening during the day to a groovy dance floor anthem at night. "**Deeper than Love**" will be the genre-defying producer's first release on **Armada Deep**, adding the acclaimed progressive and deep house label to an already loaded arsenal of successful singles. It hints at a shift in **Bobby's** production to the deeper and more melodic side of electronic music. "**Deeper than Love**" has already received support from some of the world's biggest DJs like **Calvin Harris**, **Hardwell**, **Tiesto**, and **Alesso**.

A San Francisco native, **Bobby Puma** is a producer's producer; some critics may say that DJ should have a niche genre, but **Puma** demonstrates his skill by creating music that both bends genres and surpasses expectations. His ability to craft masterful tracks that encapsulate a large spectrum of electronic music has been proven through an impressive track record that includes collaboration with **Chuckie**, famous **Tiesto** edit and releases on world renowned labels such as **Doorn Records**, **Musical Freedom** or **Smash The House**. **Bobby** spent much of the last five years in the studio, but in 2015 began taking his dynamic musical talents and vibrant personality on tour. Look for **Bobby Puma** at a club or festival near you and prepare to be impressed by this genre-defying genius.
